1 Introduction

1.1 Task

What is Vivo?

- > An app that aims to intensify the bar experience
- > The intuitive use should encourage you to try and enjoy
- > It is easily accessible and usable for all common mobile devices

Essential features

- > **Informing** about the supply of drinks and their ingredients
- > **Networking** with people of the same interest
- > **Discover** and **enjoy** the Drinks you like

1.2 Quality

Characteristics

Functionality	The software should work accurately and adequately with maximum security
Reliability	Ensuring recoverability and acceptable fault tolerance
Usability	The software is easy to use, learn and understand
Efficiency	The software works fast and resource-saving
Maintainability	The software is stable, testable and analyzable
Probability	The software components are interchangeable and customizable
